Stop Trafficking is a helpful tool for educating oneself about the complexities of modern-day slavery. It is a ready reference for educating others on how human trafficking operates at the global and national levels.

Each issue has three sections:

- **Awareness** - featuring what is happening, new reports available, etc.;
 - **Advocacy** - featuring information on what benefits victims and survivors;
 - **Action** - featuring ways to work against human trafficking.
- The last page always has web links to important web material.

Core Factors in Human Trafficking:
